MANIFESTO

cinquanta3 nasce per rispondere alle tendenze ed esigenze del vivere contemporaneo che invita a ricercare soluzioni funzionali e flessibili, capaci di organizzare e contenere, definire e interpretare gli spazi del quotidiano. Un nuovo sistema d'arredo dove la massima libertà compositiva è garantita da ampia modularità e tonalità neutre, e la personalizzazione degli ambienti si esprime nell'ampia gamma di accessori e nella versatilità dei prodotti.

In **home spaces** gli elementi d'arredo diventano strutture architettoniche che creano nuove forme di contenimento, capaci di definire i diversi ambienti della casa e accogliere le passioni e la storia di chi li vive.

cinquanta3 was conceived to meet the trends and requirements of contemporary lifestyles that need functional, flexible solutions able to organise and contain, define and interpret everyday spaces. This is a new furnishing system that offers utmost freedom of arrangement thanks to the many module sizes and neutral shades available. Living spaces can be customised by means of a wide range of accessories and by virtue of the versatility of the units.

The furniture employed by **home spaces** turns into pieces of architecture that become new storage elements, capable of defining the various rooms in a home and of containing the passions and history of its inhabitants.
